

CREATED BY TEACHERS FOR TEACHERS with **BetterLesson**

THE MASTER TEACHER PROJECT

Generously Supported by the Bill & Melinda Gates Foundation

Common Core Aligned Courses

Master Teachers	Master Teachers will capture the “how” (instructional strategies, classroom management) as well as the “what” (curriculum) behind their successful teaching
Common Core	With the help of CCSS Coaches, Master Teachers will design their Common Core Aligned curriculum, sharing hints, tips, and reflections along the way
Better Lesson	All content will be shared with the expansive BetterLesson community to create a dialogue around best — ahem, <i>better</i> — practices

Who is a Master Teacher?

You're an exceptional **math teacher**, currently teaching in grades 6–12. You have a proven track record of supporting **student learning**, and you're a talented lesson architect. You are also dedicated to **teacher learning**. A comfort with technology is a plus, but not a pre-requisite.

MTs will receive a **\$30,000 stipend** for this two year endeavor.

If you're ready for a unique professional opportunity with tremendous reach, [CLICK HERE TO APPLY](#) or email us at christine@betterlesson.com
